

March 13, 2020

Dear Parents,

With our district's recent decision to close our schools until further notice (in an effort to help keep our students and staff safe), we want to ensure that our students continue to learn during their time away. Our teachers have prepared standards-based lessons that can be completed outside of school. **Both digital and paper assignments are available.** Students should complete the designated assignments per subject each day until school is back in session. Your child's teacher will be available via **Seesaw** to answer questions and provide virtual assistance from 9-10:30 AM Monday through Friday.

If for some reason you do not have the paper assignments or access to Seesaw, here are some activities that your child can do independently or with you each day:

- Read a book 20-30 minutes/day
- Practice math facts (addition, subtraction, multiplication, & division)
- Journal
- Write a story or a poem
- Istation
- Dreambox

To make virtual/online learning accessible to our students, Comcast is offering an internet essentials package FREE for 60 days. Click link below for more information:
